# Help desk pricing comparison

## Three fictional alternatives

All prices below are illustrative USD per seat per month. These fictional competitors are supplied for the document-reading exercise.

Deskline: Basic 15, Team 35, Business 75. Shared inbox on all tiers; automation from Team; audit export on Business.

Reply Harbor: Starter 18, Growth 45, Enterprise 90. Templates on all tiers; SLA reporting from Growth; role controls on Enterprise.

Queuecraft: Core 12, Plus 32, Pro 68. Ticket queues on all tiers; API access from Plus; advanced reporting on Pro.

# Help desk pricing comparison

## Conditions and comparison notes

Deskline Team requires a minimum of ten seats. At five agents, its monthly charge is still USD 350.

Reply Harbor prices assume annual billing. Monthly billing adds 20 percent.

Queuecraft charges USD 15 per month for each additional 1,000 archived tickets beyond the included allowance.

Compare the full cost for a five-agent team. State assumptions about billing frequency and archived tickets. Distinguish product facts in this fictional sheet from recommendations.
